## Diagnostic test

Before you start using the Platform, or any time you do it on a new device, please go through the diagnostic test. It will check if you are going to be able to take a full advantage of the resources on the Platform. Click **Diagnostic test** to start the test.

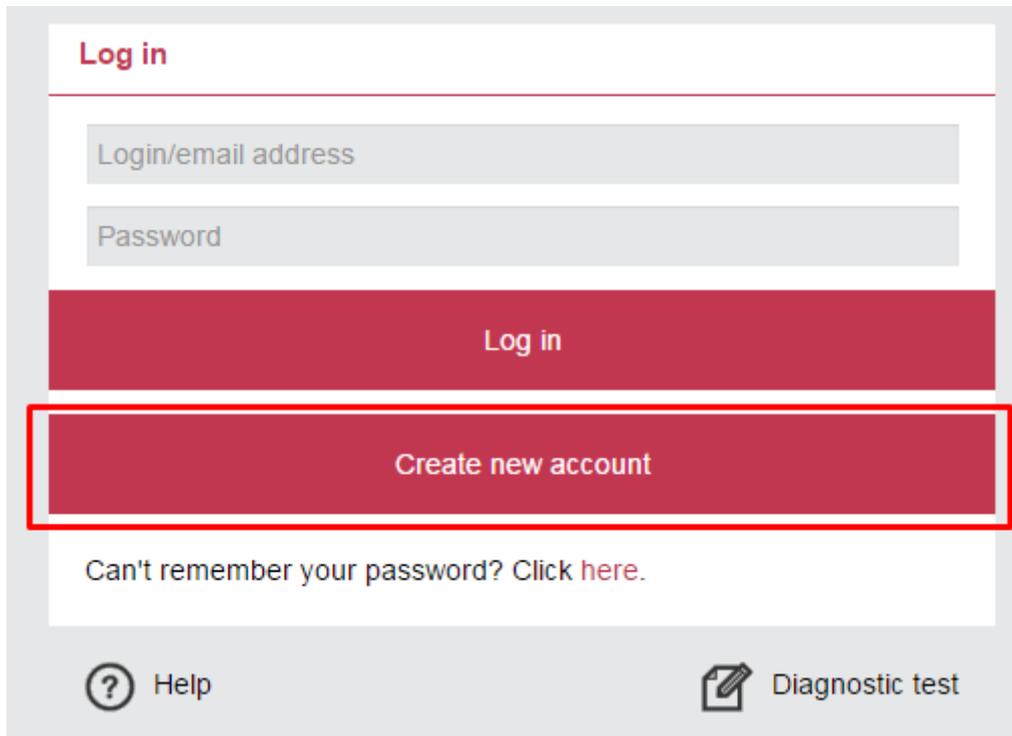

After the test is completed, you will see the diagnostic report indicating which (if any) components of your system do not meet the Platform's requirements. The report will instruct you what to do in order to pass the validation.

Registration

Users who want to take "E-Platform for Neighbourhood" courses must register. In order to do it, please click **Create new account**.

You will get access to the registration form below.

Please fill in all the fields marked with *. An e-mail address you provide as a login must be a true and accurate one. The nickname you choose may not be an expression considered as offensive or inconsistent with the principles of morality. Rules for the password are given on the screen.

Remember your login (e-mail address) and password. You will need them to log in every time.

Choose the language you want to use on the Platform. At the moment, only English is available but we will add other languages in the future.

You also need to input the words you see in the picture to the field below it.

To complete the form, you must agree to the "Terms and Conditions of the Use of E-Platform".

When the form is filled in, click **Create my new account.**

The following message will appear

An email has been sent to your address [ ] **If you do not receive it shortly, please check the spam folder in your mailbox.**

The email contains instructions to complete your registration.

If you do not receive the email at all, or have other difficulties, please contact the administrator helpdesk@euforneighbourhood.eu

Continue

Click Continue and wait for the email we send to your e-mail address.

The email will include the activation link which you have to click on.

After that, you will be redirected to the welcome screen. Read it carefully and click **Continue** when you are done.

Your registration is finished and you have access to all our courses and additional resources.

Logging in

To log in, enter your email address (login) and password you have provided while registering to the Platform, then click **Log in.**
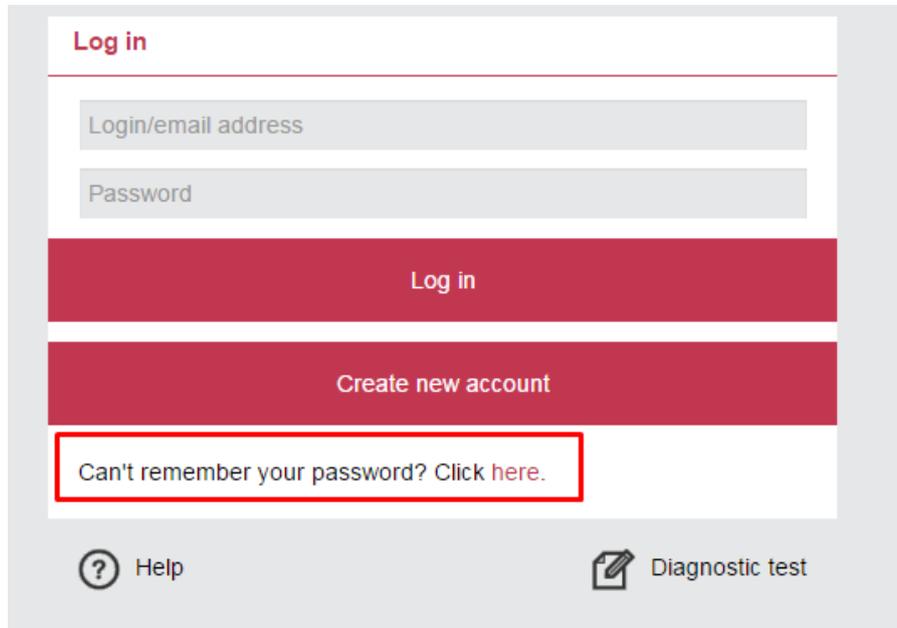

If you do not have an account already, please see the section Registration.
